

Greetings to all those interested in Rothsay school. My name is Wade Johnson and I am very honored to be the superintendent of Rothsay Public School and very proud of our school. I am a believer in small public schools and what those schools offer to their students.

Our school is a very special place that offers small class sizes, unique offerings, and immense opportunities for our students. In addition to our graduates being prepared to enter the collegiate world at the highest levels, we have students prepared to enter the workforce to be productive workers and contributing citizens. With our uniquely small student to teacher ratio, our young students receive special attention not afforded those in larger districts.

We hope that if you are considering Rothsay School as a home for your son or daughter, you would contact us to arrange a tour as we love showing off our modern building. Whether you are an employee, parent, prospective student or community member, we recognize you have an interest in Rothsay School. We are all in this together as we provide every student with the best educational experience possible.
